Server configuration, Network Hardware Configuration, Red hat Linux Server Configuration

WORK EXPERIENCE

Megsoft Business solutions   **Aug 2023 - Dec 2025**

UI UX Designer and Developer

- Led end-to-end UI/UX design process, including **requirement analysis, user flow ideation, Sketching and interaction design** for Web.
- Created **user flows, information architecture, and wireframes (low & high fidelity) using Figma.**
- Translated wireframes and UI designs into **highly usable, AngularJS interfaces, ensuring optimized UI performance and seamless compatibility across devices and browsers.**
- Followed best coding practices, **accessibility standards (WCAG), and Semantic HTML Structure**; **developed responsive, user-friendly interfaces using Bootstrap 5, ensuring consistency across devices and screen sizes, and SEO Guidelines.**

Bhive Technologies   **Apr 2022 - Jul 2023**
UI UX Designer and Developer

- Drove UI/UX initiatives across web platforms by **translating business requirements into intuitive, user-centered designs**.
- Engineered responsive **front-end interfaces with React JS, React Bootstrap, and Bootstrap 5, ensuring performance and device compatibility.**
- Maintained **high code quality through accessibility compliance (WCAG), semantic markup, and SEO-friendly UI development.**
- Actively represented the user's perspective in **daily product discussions, shaping design decisions throughout the development process.**
