PROFESSIONAL SUMMARY

3.7 years of experience designing and developing user-friendly web and mobile applications. Expertise in **UI/UX design, wireframing, prototyping**, and UI/UX development using **React, Angular, JavaScript, HTML5, CSS3, SCSS, Bootstrap-5**.

Tools : Figma , Canva , Git , Jira , Bitbucket , Excel

Profiles: [Behance](#), [Dribbble](#)

EDUCATION

Subbulakshmi Lakshmipathy college of science. - 2017 -2020

B.sc in Computer Networking

Server configuration, Network Hardware Configuration, Red hat Linux Server Configuration

WORK EXPERIENCE

Megsoft Business solutions

Aug 2023 - Dec 2025

UI UX Designer and Developer

- Led end-to-end UI/UX design processes for **B2B projects**, including requirement analysis, user flow ideation, sketching, and interaction design for web applications, delivering solutions aligned with business goals and user needs.
- Created **user flows, information architecture**, and low- and high-fidelity wireframes using **Figma**, and translated them into **highly usable AngularJS interfaces**, contributing to products used by international clients and global user bases while ensuring optimized performance and seamless cross-browser and cross-device compatibility.
- Followed best coding practices, **accessibility standards (WCAG)**, and **Semantic HTML Structure**; developed responsive, user-friendly interfaces using **Bootstrap 5**, ensuring consistency across devices and screen sizes, and **SEO Guidelines**.

Bhive Technologies

Apr 2022 - Jul 2023

UI UX Designer and Developer

- Drove UI/UX initiatives across **B2B web and Mobile platforms**, translating complex business user flows, information architecture, and low- and high-fidelity wireframes into intuitive, user-centered designs that supported scalable product solutions.
- Engineered **responsive front-end interfaces** with **React JS, React Bootstrap, and Bootstrap 5**, delivering **high-performance experiences** for international clients and global user bases while ensuring cross-device compatibility.
- Maintained **high code quality** through **accessibility compliance (WCAG)**, **semantic markup**, and **SEO-friendly UI development**.
